Subject: Re: Section 5 Monitoring Plan

Hi Ryan and Robert-

I believe Santa Barbara County was the one who wanted a storm event over 3.5 inches in one day put into this plan. Could you answer Patrick's question for him since I do not know the answer?

Jennifer

Question.

When was the last time the area had 3.5 inches of rain in a single day?

How does that compare to 100 year or 500 year event data?

Subject: Section 5 Monitoring Plan

Hello unified command-

Here is the Section 5 monitoring plan for your review and comments. Please respond back to the full group regarding your approval of this plan. This plan has already gone out to various stakeholders for their review, comments and approvals. At this point the Water Board, Santa Barbara County Planning and Development, Coastal Commission, Santa Barbara County EHS and myself have approved this plan. Please review this plan at your earliest convenience. I am hoping we can get unified command's approval before tomorrow's unified command meeting at 10 am. Thanks

Jennifer
